

**INTER UNIVERSITY CENTRE FOR
INTELLECTUAL PROPERTY RIGHTS STUDIES (IUCIPRS)
CUSAT**

**Promoting Innovation:
Role of Patents**

Training the Trainers Program

Venue : Inter University Centre for IPR Studies, CUSAT

Date : 26th to 28th September, 2019

Time : 9:00 am to 4 pm

About the Workshop

Intellectual property plays a pivotal role in economic development and encourages innovation by rewarding inventors. Patents are one such form of Intellectual Property which can provide for protection of inventions for a fixed period of time. Patents can also be used as an instrument for generating revenue. It is important that every researcher has a minimum understanding of the functioning of the patent system and the role patent literature plays in promoting research and innovation. Patent databases serve as a tool for accessing patent literature across the globe. This program is designed to train teachers to promote innovation taking the advantages of the patent system.

Objectives

- Acquaint Teachers on the role played by patents in promoting Innovation, in addition to providing a basic overview of IPR and Patents.
- To familiarize the Teachers with tools for patent search and procedure for filing a patent in India.
- On completion of the training program, Teachers are expected to offer at least a module on patent in their PG program.

Areas covered

- Basic overview of IPR and Patents.
- Role of patents in Innovation.
- Basics of Patent Search and its relevance in research.
- Patent filing procedure in India.

Who should attend

Teachers from Govt, Aided or Self financing colleges across Kerala, who are actively involved in research and development are encouraged to attend. A substantial number of seats are reserved for those from Govt. and aided colleges and only limited number of seats would be available for others.

Registration

You can register by sending an email to ro.iuciprs@gmail.com latest by 26th August 2019. There is a registration fee of Rs. 2000.
